## Skills

---

**Languages:** Java, C++, Javascript

**Technologies:** Angular, React.js, Node.js, Express.js, Tailwind CSS, REST APIs

**Databases:** PostgreSQL, MongoDB

## Experience

---

**Clerisy Solutions Private Limited**

April 2025 - Present

**Full-Stack Developer**

Mohali, India

**Tech Stack:** Angular, Node.js

- Developed and integrated a **game search feature** to enhance user navigation and interaction on a US-based client casino website.
- Implemented **dynamic footer content**, fetching real-time data from the client's server to ensure relevant and updated information is displayed to users.
- Built a **game widget** that enables users to play games in a resizable window with real-time data on free spins and remaining coins.
- Utilized **Socket.IO (sock.js and stomp.js)** to ensure seamless real-time communication, delivering up-to-date game information and improving user experience.

## Projects

---

**Talkwave** (<https://talk-wave.onrender.com>)

- **Developed a social media application** using React.js and TanStack Query, optimizing state management to reduce server requests by 35%, and styled with Tailwind CSS and Daisy UI for a modern, responsive design.
- **Implemented server-side functionality** with Node.js, Express.js, and MongoDB for data management, integrating JWT-based authentication for secure login and session management.
- **Enabled dynamic post creation** and mood-based content display, and added key social features like user profiles, notifications, following/unfollowing, and profile updates to enhance user interaction and engagement.

**Snake-game** (<https://github.com/rishabh137/snake-game>)

- **Developed a classic Snake Game in Java using Swing**, applying object-oriented design for clean structure and smooth gameplay mechanics.
- **Implemented real-time controls, grid-based movement, collision detection**, dynamic scoring, and food generation to create an engaging and responsive user experience.

## Education

---

**Sant Longowal Institute of Engineering and Technology**

August 2022 - 2025

Bachelor of Engineering (Computer Science and Engineering)

Punjab, India

**Sant Longowal Institute of Engineering and Technology**

August 2019 - 2022

Diploma in Computer Science and Engineering

Punjab, India
