Skills

Languages: Java, C++, Javascript

Technologies: Angular, React.js, Node.js, Loopback, Express.js, Socket.IO, TypeScript, REST APIs

Databases: PostgreSQL, MongoDB

Experience

Clerisy Solutions Private Limited

April 2025 - Present

Full-Stack Developer

Mohali, India

Tech Stack: Angular, Node.js, PostgreSQL, LoopBack

- **Enhanced key modules** for the **International Booking Engine (IBE)**, **property management system (PMS)**, and **admin portal** of a hospitality SaaS platform.
- **Built a centralized admin interface** to disable, update, and delete IBE hotels from one location, **reducing admin task time by 40%** by replacing scattered workflows.
- **Worked on the hotel onboarding section** in the admin portal to enable creation of a new hotel with its admin site, credentials, and default theme in a few steps, **cutting setup time for Admin and Sales teams by 50%**.

UpMate - Job Listing Automation Tool

Tech Stack: JavaScript, Selenium

- **Developed an automation tool** to scrape job listings from Upwork, extract titles and URLs, and categorize them by technology into separate Google Sheets.
- **Reduced manual effort** for the team by automating job discovery and tracking, saving several hours of work weekly.

Projects

codeX (<https://codex-play.onrender.com/>)

- **Built a real-time video conferencing and collaborative code editor** using React.js, Node.js, WebRTC, PeerJS, and Socket.IO, integrating Judge0 API for live code execution to support pair-programming and coding interviews.

Talkwave (<https://talk-wave.onrender.com>)

- **Developed a social media application** using React.js, TanStack Query, Node.js, Express.js, and MongoDB with JWT authentication, featuring dynamic posts, mood-based content, and core social features like profiles, notifications, and following/unfollowing.

Education

Sant Longowal Institute of Engineering and Technology

August 2022 - 2025

Bachelor of Engineering (Computer Science and Engineering)

Punjab, India

Sant Longowal Institute of Engineering and Technology

August 2019 - 2022

Diploma in Computer Science and Engineering

Punjab, India
